

## TWINS COMMUNITY ED DISCOUNT FOR 55+

The 2026 baseball season starts next month and while it might still be another couple months before the really warm weather arrives, now is the time to be putting the finishing touches on your Community Ed and Park & Rec offerings for the summer.

Each year I help Community Ed directors all over Twins Territory organize a group outing to a weekday afternoon game in the summer. We have special discounts in place for these groups, many of which are comprised mostly of Twins fans 55 years and better. I'm continuing to offer that and will continue to help groups sit together, but new in 2026 we're also making it easier for individuals or smaller programs to purchase discounted tickets to these games.

**June 3<sup>rd</sup> 12:40PM vs. Chicago White Sox**  
**July 9<sup>th</sup> 12:40PM vs. Cleveland Guardians**  
**July 30<sup>th</sup> 12:40PM vs. Kansas City Royals**  
**August 12<sup>th</sup> 12:40PM vs. Baltimore Orioles**  
**August 19<sup>th</sup> 12:40PM vs. Atlanta Braves**

Fans can now visit <https://www.gofevo.com/group/ParkRec> to purchase their \$21.75 upper-level seat or \$38.75 Left Field Bleacher seat for any of the five weekday afternoon games in the summer. You can include this link in your summer programming brochures and emails. We've used this similar format with some school districts around the state for spring games and got the feedback that the district comes off looking like the hero for setting up a discount for Twins games despite not having to do anything more than just share the link around their district.

Of course, if you would like to organize a group outing to a game and have your group all seated together (as well as save another \$5+ on tickets), reach out to me and we can talk about options.

Win Twins!  
Peter
